Schemes for guidance for Competitive Examination and Career Counselling for Academic Year 2021-22

1. Career opportunities in SAP

|	
Date	31/05/2022
Type of Scheme	Career Counselling
Title of Scheme	Career opportunities in SAP
Resource person	Vignesh Deshmukh, Eduvogue
Participants	ALL
Year of participants	TE/BE
Event Report	The seminar on career opportunities in SAP was arranged for the third year & final year students. The speaker Mr. Vignesh gave an overview about SAP. He explained them that SAP is one of the world's leading producers of software for the management of business processes. He briefed about how SAP helps in developing solutions in effective data processing and information flow across organizations. Finally, he guided the students about the career opportunities in SAP and how it can be useful in various domains of engineering. The session was very interactive.
Number of Students/Benefitted attended	106

2. Careers in Cyber Security

Date	06/04/2022
Type of Scheme	Career Counselling
Title of Scheme	Careers in Cyber Security
Resource person	Virendra Singh, Tata strive
Participants	ALL
Year of participants	BE
Event Report	The seminar on careers in cyber security was arranged for all the final year students. The speaker, Mr. Virendra Singh briefed about, how the organizations are protected from the malicious attackers. He explained them how security architecture helps in meeting the business requirements and achieving the performance goals. He also guided them about designing an enterprise system, building and protecting against cyber threats. In the end, he gave an exposure to different end to end cyber security services available in India. The session was very interactive, and students actively participated in the session.
Number of Students/Benefitted attended	36

3. Internship opportunities in Machine Learning

Date	24/03/2022
Type of Scheme	Career Counselling
Title of Scheme	Internship opportunities in Machine Learning
Resource person	Poonam Kolte, CADD Center
Participants	ALL
Year of participants	TE/BE
Event Report	The seminar on importance of Machine Learning (ML) and internship opportunities in ML was arranged for all the third and final year students. The speaker, Ms. Poonam gave insights on ML. She explained how computers are trained and made to learned without being explicitly programmed. She gave various examples for differentiating ML programming from traditional programming. She also briefed about how the concepts of ML are used in different sectors such as Healthcare, Finance, Infrastructure, Marketing, Self-driving cars, recommendation systems, chatbots, social sites, gaming, cyber security, and many more. The session was very interactive, and students actively participated in the session.

4: Aptitude and Soft Skills

Date	21/03/2022
Type of Scheme	Career Counselling
Title of Scheme	Aptitude and Soft Skills
Resource person	Gaurav Bhaduria/ Sanga Sharma, Unacademy
Participants	ALL
Year of participants	TE/BE
Event Report	The seminar was arranged by T&P cell in association with Unacademy for all the third year & final year students. The seminar focused on importance of aptitude test to assess candidate's abilities to perform a particular task and react to a situation at work. The speaker explained various patterns in the aptitude test like problem-solving, prioritization, logical reasoning, and numerical skills. He explained each of the sections in detailed along with some examples. He also emphasis on the importance of psychometric tests. He briefed about the importance of aptitude tests being used as part of an interview process, particularly for graduate jobs, entry level jobs and jobs in Finance. The speaker also guided the students how an aptitude of a candidate can really make a valuable contribution to the future of a business. All the students actively participated in the session.
Number of Students/Benefitted attended	73

32. If CI for a certain sum at 3% for 2 years is Rs. 203, what would be the SI?
(a) Rs. 210 ✗
(b) Rs. 207.50 ➤
(c) Rs. 213.33 ➤
(d) Rs. 200

$$C.I > S.I$$

$$203 > 200$$

$$Amount = P\left(1 + \frac{R|n}{100}\right)^n \quad (-)$$

$$S.I = \frac{PTR}{100}$$

Aptitude workshop for campus placement.

5: Career opportunities in IoT & Rasberry pie

Date	17/03/2022
Type of Scheme	Career Counselling
Title of Scheme	Career opportunities in IoT & Rasberry pie
Resource person	Mr. Karan Bahure, Technojack Solutions
Participants	ALL
Year of participants	SE
Event Report	The seminar was arranged for all the second-year students of EXTC branch. The seminar focused on importance of IoT and Raspberry pie. The speaker briefed the students about what is exactly an IoT, its components and the architecture. He explained how IoT connects and exchanges data with other devices and systems over the Internet or other communications networks. He also gave an overview on another open-source hardware platform popularly known as Raspberry Pi. He showed how R-pi can be used to connect IoT devices. He also emphasized on the importance of IoT by giving examples of our daily life. All the students actively participated in the session.
Number of Students/Benefitted attended	10

5: Internship Opportunities in Python

|	
Date	29/01/2022
Type of Scheme	Career Counselling
Title of Scheme	Internship Opportunities in Python
Resource person	Asharaff, BloomzenInfo Solutions
Participants	ALL
Year of participants	SE
Event Report	The seminar was arranged for all the second-year students of EXTC, Computer and IT branch. The seminar focused on importance of Python language. The speaker briefed how Python ensures better and concise coding as compared with other programming languages and is used ls for creating dynamic scripts on large as well as small scales. He explored several areas where Python can be used for testing, web development, app development and upgrades, and scriptwriting, etc. Python's automatic memory management and dynamic type system support different programming standards. The speaker emphasized on Python as a career: with a software developer or a data scientist. He guided the students that once a person has a knowledge of Python whether experienced or a fresher he would never be out of opportunities. All the students actively participated in the session.
Number of Students/Benefitted attended	82

7. Guidance on UPSC & MPSC exams

|	
Date	27/01/2022
Type of Scheme	Career Counselling
Title of Scheme	Guidance on UPSC & MPSC exams
Resource person	Bhushan Deshmukh, Lokayan IAS Academy
Participants	ALL
Year of participants	TE/BE
Event Report	The seminar was arranged for all the third and final year students of all the branches. The seminar focused on importance of attempting competitive exams such as UPSC and MPSC for the students of engineering domain. The speaker explained about the qualifying exams for securing jobs in government sectors. He also guided about how the students should prepare for these exams. He briefed about the syllabus and also explained them certain topics that are important from these exams. He emphasized on the job roles available for each domain and also elaborated on the Job description and salary package for each of them. All the students actively participated in the session.
Number of Students/Benefitted attended	89

8. Guidance on GATE exams

Date	20/01/2022
Type of Scheme	Career Counselling
Title of Scheme	Guidance on GATE exams
Resource person	Eekeeda, Anish Shelar
Participants	ALL
Year of participants	TE/BE
Event Report	The seminar was arranged on importance of competitive exams such as GATE in government sectors for all the students of third year and final year. In this session the speaker gave guidelines of how to prepare for GATE examination and also briefed them about the importance of the GATE exam . He further explained that GATE exam is used to test students knowledge and understanding their under Graduate level subjects in Engineering and Science. Most of PSUs like BARC, IOCL etc. prescribe GATE qualification as a requirement for recruiting graduate engineers in entry level positions, to get Fellowship Programs from CSIR and Scholarships in ME/M.Tech and many more. The session was very interactive, and students enthusiastically participated.
Number of Students/Benefitted attended	62

9. Aptitude Training

Date	21/12/2021
Type of Scheme	Career Counselling
Title of Scheme	Aptitude Training
Resource person	Rubicon, Sameer Jaiswal
Participants	ALL
Year of participants	BE
Event Report	The seminar on importance of aptitude in campus selection was arranged for the final year students. The speaker Mr. Aniket guided the students how aptitude tests allow companies to make an informed choice when it comes to hiring. He emphasized that aptitude test score acts as an important criterion in judging a student's candidature. The aptitude tests allows companies to make an informed choice when it comes to hiring. They can determine a candidate's ability to solve problems, reason, write clearly, and work well with others. The aptitude test questions are constructed to assess a candidate's ability to solve problems, reason, and write coherently under duress. Finally, the aptitude test results, along with the results of the personal interview, assist employers in selecting the best applicant for the job. The session was very interactive, and students enthusiastically participated in the on line session.
Number of Students/Benefitted attended	74

10. Squad Infotech

Date	13/12/2021
Type of Scheme	Career Counselling
Title of Scheme	Resume Writing
Resource person	Squad Infotech, Nilima Moriya
Participants	ALL
Year of participants	TE/BE
Event Report	The seminar on Resume building was arranged for the third year & final year students. The speaker guided the students that the most important thing before attending any interview is that they should make a make a good and an impressive resume. In this session the speaker guided on how to write a resume as a fresher. He emphasized that the resume details the candidates' skills and training, work experience, and education, and, most importantly, the accomplishments one has made with past employers. The resume should always contain the career objective, strengths, and weakness. The resume describes qualifications and one's uniqueness. To stand out among other applicants, a strong resume is required that markets one's strengths and match for the job. Lastly, the speaker focussed that a good resume grabs the attention of employers and recruiters. The session was very interactive, and students enthusiastically participated in the on line session.
Number of Students/Benefitted attended	86

11. Internship opportunities in essentials of learning 3DCAD using Siemens NX11

Date	24/09/2021
Type of Scheme	Career Counselling
Title of Scheme	Internship opportunities in essentials of learning 3DCAD using Siemens NX11
Resource person	Centre of Excellence in Shipping and Maritime, Ramesh Yadav
Participants	Mechanical / Production
Year of participants	TE/BE
Event Report	The seminar on learning 3DCAD using Siemens NX11was arranged for the third year & final year students of mechanical and production branch. The speaker gave an in-depth idea about parametric CAD system. He explained how to make any simple and intermediate 3D CAD model in part environment. He demonstrated the creation of an assembly from parts and use all essential tools in assembly environment. He guided students to create drawing for manufacturing or presentation. The session was very interactive, and students enthusiastically participated in the online session.
Number of Students/Benefitted attended	31

12. Overseas Education

Date	23/09/2021
Type of Scheme	Career Counselling
Title of Scheme	Overseas Education
Resource person	Mission Career, Gautam Umashankar
Participants	ALL
Year of participants	TE/BE
Event Report	The seminar on Overseas Education was conducted by Mission Career for third year and final year students of all branches. The speaker explained to the students how studying abroad is an experience on its own that allows one to enhance his/her education and life experiences outside their comfort zone and allows one the privilege and adventure of learning new skills that will ultimately help shape their career choice. The speaker briefed about the importance of SOP and LOR. He explained about importance of GRE scores to assess the suitability of applicants for graduate-level study across many different subject areas. He informed about the requirements which the applicants are expected to meet for studying abroad. The seminar provided information about overseas education and overseas opportunities through international exams such as GRE, TOEFL, SAT, GMAT and IELTS. The speaker guided students on the key areas such as career counselling, university selection, document assistance, admission guidance, finance assistance, travel guidance, forex guidance etc. The session was very interactive.
Number of Students/Benefitted attended	93
