Reports:

**1. Career Guidance**

<b>Date</b>	26/07/2023
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Career Guidance
<b>Resource person</b>	Mr. Kushal Pandit & Mr. Faizal Khan, EduLaddr
<b>Participants</b>	ALL
<b>Year of participants</b>	TE/BE
<b>Event Report</b>	<p>The seminar on career guidance was organized for third year and final-year students, featuring Mr. Kushal Pandit &amp; Mr. Faizal Khan as the speaker. Mr. Khan shared his invaluable thoughts, industry insights, and personal experiences to help students make informed career choices. He emphasized the importance of aligning personal strengths with industry demands, developing critical skills, and successfully navigating the placement process. His guidance equipped students with the knowledge and confidence needed to pursue fulfilling and successful careers. Additionally, he highlighted the significance of aptitude in the placement process, explaining that it assesses a student's problem-solving, analytical thinking, and adaptability key traits that set candidates apart in competitive placement drives. The session, which was highly interactive, underscored the importance of combining career guidance with a strong focus on aptitude development for engineering students aiming for successful placements.</p>
<b>Number of Students/Benefitted attended</b>	203

## 2. Aptitude Training Program

Duration: 60 Hrs

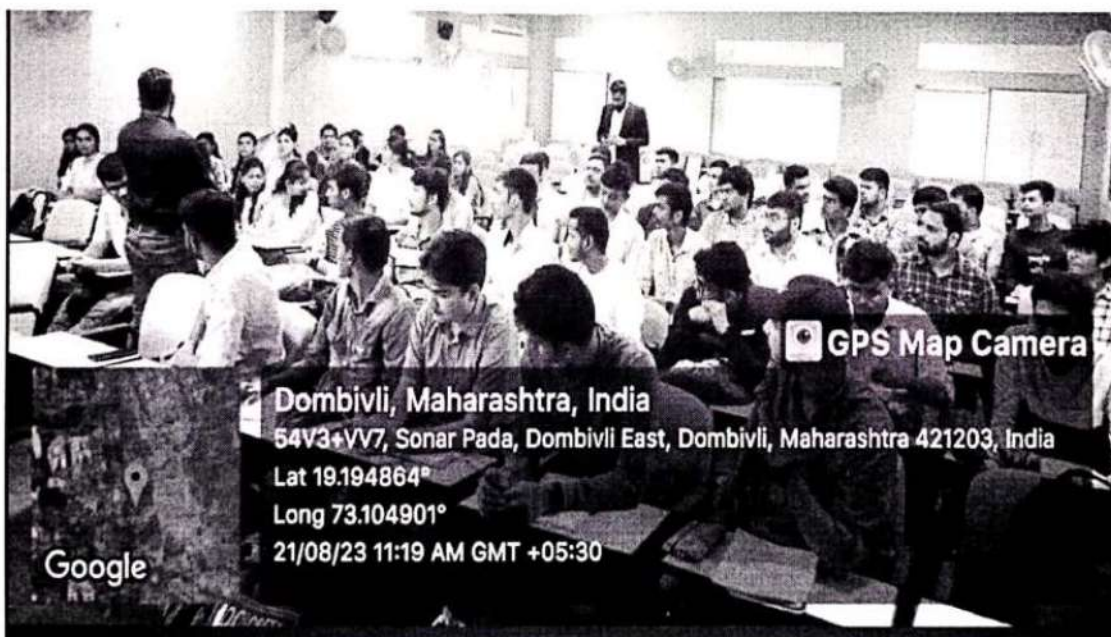

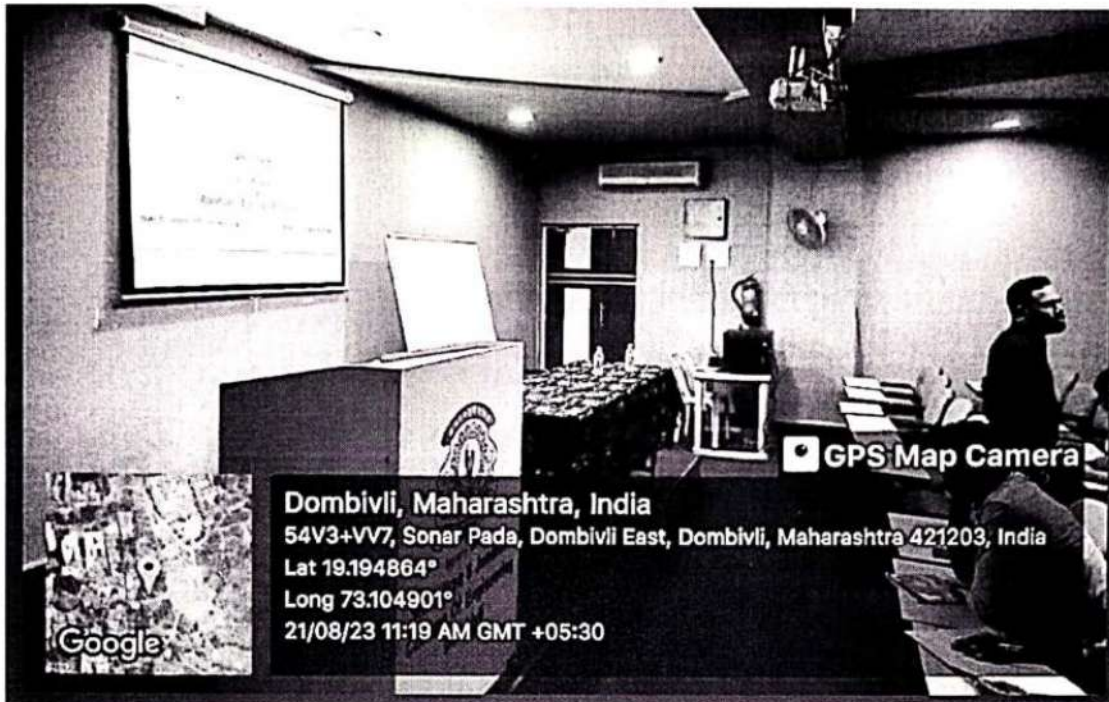

Number of Days: 10

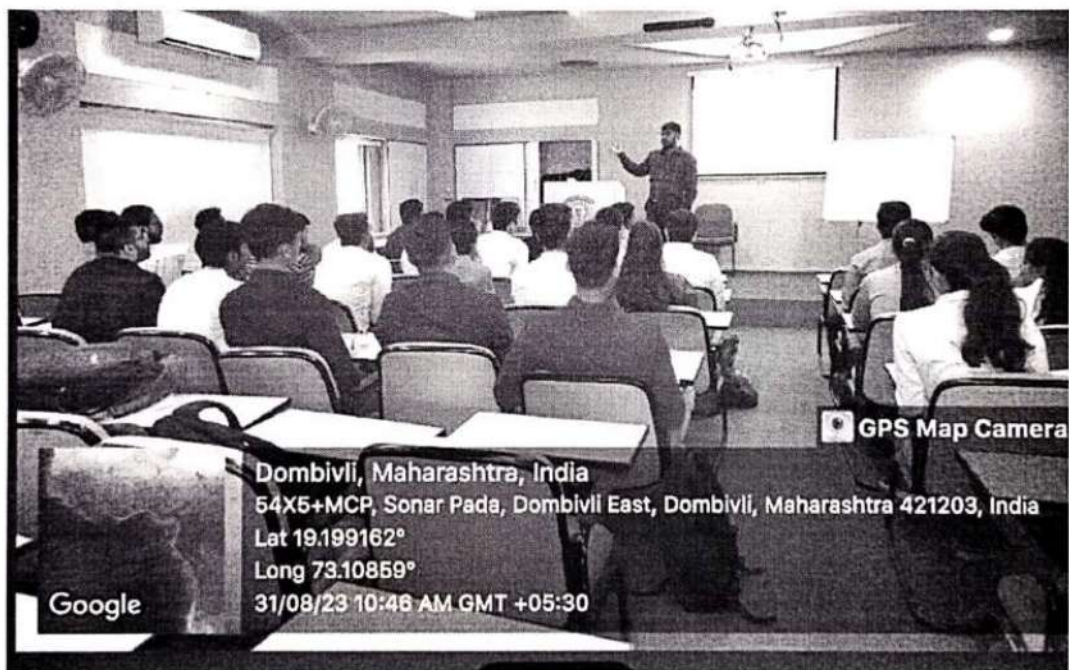

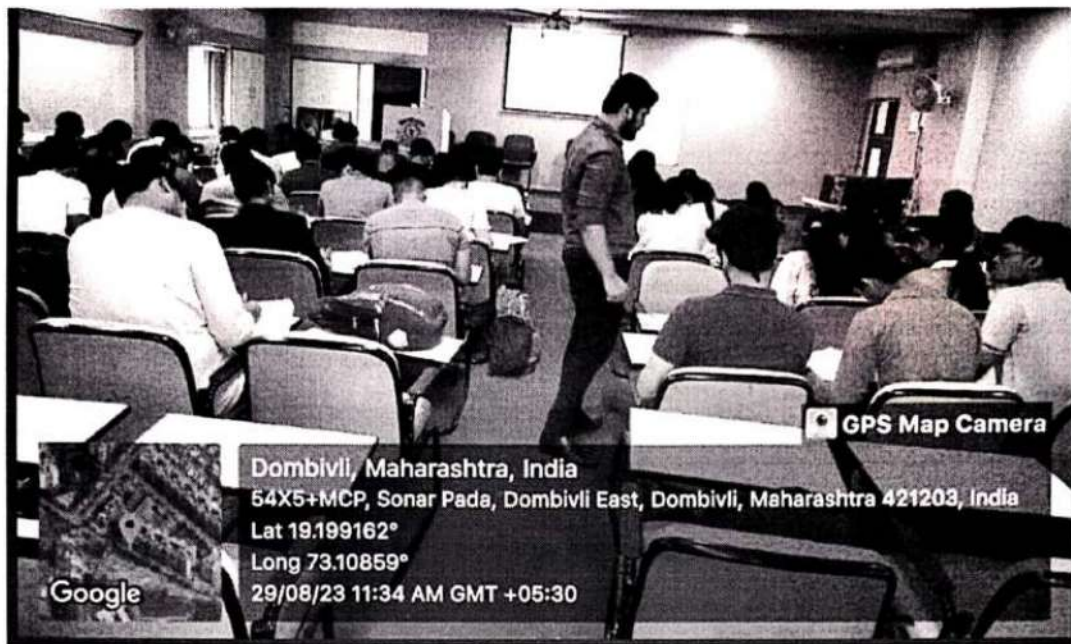

Trainers: 1. Mr. Tushar Pandit 2. Mr. Anand Tiwari 3. Mr. Parashram Patil

<b>Date</b>	21/08/2023 to 31/08/2023
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Aptitude Training Program
<b>Resource person</b>	1. Mr. Tushar Pandit 2. Mr. Anand Tiwari 3. Parashram Patil, Alikon Solutions
<b>Participants</b>	All Branches
<b>Year of participants</b>	BE
<b>Event Report</b>	<p>An aptitude training was conducted for all the final year students by Alikon Solutions. The duration of this training was of 60 hours for ten days. Over these ten days the students were engaged in a comprehensive aptitude training program that focused on both quantitative and verbal skills, led by the expert trainers. This specialized training combined rigorous exercises in mathematics and logical reasoning with targeted verbal aptitude drills to enhance communication and comprehension abilities. Through the interactive sessions and practice tests, during the training period, the students were able to enhance their analytical capabilities and problem-solving strategies, equipping them with the tools necessary to excel in their academic and professional pursuits. The practise sessions improved the speed and accuracy in solving the aptitude questions thereby boosting their confidence in both academic and professional settings. The clear explanations, practical examples, and interactive approach made the complex concepts easy to understand and apply. The skills and strategies that the students have learned will undoubtedly be invaluable in future endeavours.</p>
<b>Number of Students/Benefitted attended</b>	58

### 3. Guidance on GATE examinations

<b>Date</b>	05/10/2023
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Guidance on GATE examinations
<b>Resource person</b>	Mr. Zeeshan Ansari, Pinnacle Gate Solutions
<b>Participants</b>	All Branches
<b>Year of participants</b>	SE/TE
<b>Event Report</b>	<p>A guidance session on GATE examinations was organized for second and third-year students. The speaker began by emphasizing that as students approach the later stages of their engineering journey, the GATE examination becomes a pivotal opportunity to shape their future. Preparing for GATE is not just about scoring well but also about deepening one's understanding of core subjects and unlocking pathways to higher education, research, and prestigious job opportunities. To succeed in GATE, the speaker highlighted the importance of starting with a thorough understanding of the syllabus and exam pattern. Mastering the fundamentals forms the backbone of the exam. Consistent practice, including solving previous years' papers and taking mock tests, is essential to gauge preparedness and improve speed and accuracy. The speaker advised creating a balanced study schedule to systematically cover all topics while allowing ample time for revision. Finally, the speaker emphasized that with dedication and the right strategy, students can excel in the GATE examination and take a significant step toward achieving their career goals. The session was highly interactive, providing students with valuable insights and personalized advice.</p>
<b>Number of Students/Benefitted attended</b>	76

#### 4. Guidance on UPSC/MPSC exams

<b>Date</b>	12/10/2023
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Guidance on UPSC/MPSC exams
<b>Resource person</b>	Mr. HardipsinghSokhi, Lokayan
<b>Participants</b>	All Branches
<b>Year of participants</b>	SE/TE
<b>Event Report</b>	Mr. HardipsinghSokhi,delivered an insightful session on preparing for UPSC and MPSC exams, tailored for second and third-year engineering students. Emphasizing the significance of these prestigious exams for those interested in public service, the speaker highlighted the need for a comprehensive understanding of the syllabus and exam structure. The speaker stressed the importance of a disciplined study plan, regular updates on current affairs, and strong writing skills to succeed. With the right strategy and consistent effort, the speaker assured students that they can excel in these competitive exams and embark on a rewarding career in public service.The session was very interactive, and students actively participated in the session.
<b>Number of Students/Benefitted attended</b>	59

## 5. Careers in Cyber Security & Ethical Hacking

<b>Date</b>	08/02/2024
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Careers in Cyber Security & Ethical Hacking
<b>Resource person</b>	Ms. Reshma Salunkhe, Dcodetech
<b>Participants</b>	COMP /IT /EXTC/AIML
<b>Year of participants</b>	TE/BE
<b>Event Report</b>	<p>The seminar was arranged by T&amp;P cell in association with Derzignolics for all the third year &amp; final year students. The speaker, Ms. Reshma Salunkhe, delivered an engaging session on careers in Cybersecurity and Ethical Hacking. The speaker highlighted the growing demand for skilled professionals in this field, driven by the increasing need for robust digital security. The speaker discussed the diverse career opportunities available, from ethical hacking to threat analysis and security consulting. Emphasizing the importance of a strong foundation in computer science and continuous learning, Ms. Reshma encouraged students to consider this dynamic field, where they can play a critical role in protecting organizations and individuals from cyber threats. All the students actively participated in the session.</p>
<b>Number of Students/Benefitted attended</b>	73

## 6. Workshop-Resume Building using Generative AI

<b>Date</b>	15/02/2024
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Workshop-Resume Building using Generative AI
<b>Resource person</b>	Mr. Navdeep Sahani, NextLeap Analytics Pvt. Ltd.
<b>Participants</b>	All Branches
<b>Year of participants</b>	TE/BE
<b>Event Report</b>	Mr. Navdeep and his team conducted an insightful workshop on "Resume Building using Generative AI" for final year and prefinal year engineering students. The workshop focused on leveraging the latest AI technologies to create standout resumes that effectively highlight skills and achievements. The speaker demonstrated how generative AI tools can streamline the resume-building process, offering personalized content and design suggestions to make resumes more impactful. The workshop provided students with practical knowledge and tips on how to craft professional resumes that can give them a competitive edge in the job market. All the students actively participated in the workshop.
<b>Number of Students/Benefitted attended</b>	151

### 7.Career Guidance for Bridging the Industry and Academia Gap

<b>Date</b>	16/02/2024
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Career Guidance for Bridging the Industry and Academia Gap
<b>Resource person</b>	Mr. Faizal Khan &Ms. Radhika Ahuja, Cygnus Technologies Pvt. Ltd.
<b>Participants</b>	All Branches
<b>Year of participants</b>	SE/TE
<b>Event Report</b>	Mr. Faizal Khan delivered an enlightening session on Career Guidance for Bridging the Industry and Academia Gap to final year and prefinal year engineering students. The speaker emphasized the importance of aligning academic knowledge with industry expectations, highlighting the gaps that often exist between what is taught in classrooms and the skills required in the professional world. The speaker provided practical strategies for students to enhance their employability, including gaining hands-on experience through internships, staying updated with industry trends, and developing soft skills. The session equipped students with valuable insights to smoothly transition from academia to successful careers in the industry. All the students actively participated in the session.
<b>Number of Students/Benefitted attended</b>	114

## 8. Overview on Study abroad and IELTS

<b>Date</b>	22/02/2024
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Overview on Study abroad and IELTS
<b>Resource person</b>	Mr. Rohit Prasad/idp
<b>Participants</b>	All Branches
<b>Year of participants</b>	TE/BE
<b>Event Report</b>	An informative session on Study Abroad and IELTS was delivered by Mr. Rohit for all the final year and prefinal year engineering students, offering a comprehensive overview of the opportunities and challenges of pursuing education overseas. The speaker discussed the benefits of studying abroad, including exposure to diverse cultures, advanced research opportunities, and global career prospects. He also provided detailed guidance on the IELTS exam, a crucial step for students aiming to study in English-speaking countries. The session covered effective preparation strategies for IELTS, emphasizing the importance of strong language skills. Overall, the session equipped students with essential information to navigate the process of studying abroad successfully.
<b>Number of Students/Benefitted attended</b>	69

**9. Externship: Project based learning program on upcoming IT Technologies:  
An experiential learning program**

<b>Date</b>	23/02/2024
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Externship: Project based learning program on upcoming IT Technologies: An experiential learning program.
<b>Resource person</b>	Mr. Mehul Sonawane, Smart Bridge
<b>Participants</b>	EXTC/IT/AIIML/COMPUTER
<b>Year of participants</b>	TE/BE
<b>Event Report</b>	<p>A seminar on the Project-Based Learning Program focusing on Emerging IT Technologies was delivered by Mr. Mehul Sonawane. The speaker provided students with a unique opportunity to gain hands-on experience in cutting-edge IT fields. The session emphasized the practical aspects of working on real-world projects in areas such as Artificial Intelligence, Blockchain, and Cloud Computing. Mr. Sonawane explained how this experiential learning approach bridges the gap between theory and practice, equipping students for successful careers in the rapidly evolving tech industry. He added that the program is designed to engage participants in collaborative projects that mirror real-world challenges, allowing them to apply theoretical knowledge to practical scenarios. Emphasizing a "learning by doing" philosophy, the speaker encouraged students to experiment, innovate, and solve problems in a controlled yet dynamic environment. In conclusion, the speaker underscored the value of gaining industry-relevant experience through this program, which will better prepare students for the job market. The session was highly interactive, with enthusiastic participation from the students.</p>
<b>Number of Students/Benefitted attended</b>	74

## 10. Global Certification on Cyber Security

<b>Date</b>	01/03/2024
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Global Certification on Cyber Security
<b>Resource person</b>	Ms Radhika Ahuja, Cygnus Technologies Pvt. Ltd.
<b>Participants</b>	COMP/IT/EXTC
<b>Year of participants</b>	BE
<b>Event Report</b>	<p>The seminar on the importance of global certifications in the cybersecurity domain was organized for final-year students. The speaker, Ms. Radhika, discussed the significance of obtaining certifications such as CompTIA Security+ and CISSP. She explained that these certifications not only validate one's expertise and commitment in this rapidly evolving field but also greatly enhance career prospects. With cybersecurity threats becoming increasingly sophisticated, employers are seeking professionals who are not only skilled but also certified to protect their systems and data. Ms. Radhika emphasized that earning these certifications demonstrates an individual's ability to tackle complex challenges and positions them as valuable assets in the workforce. She encouraged the students, as future engineers, to embrace these credentials. Doing so will not only set them apart from their peers but also equip them with the critical skills needed to excel in today's interconnected world. The session was highly interactive, and students enthusiastically participated in the online discussion.</p>
<b>Number of Students/Benefitted attended</b>	41

### 11. Induction on Internship Program on Mechanical Product Design and Analysis

<b>Date</b>	27/03/2024
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Induction on Internship Program on Mechanical Product Design and Analysis
<b>Resource person</b>	Poonam Kolte
<b>Participants</b>	MECHANICAL
<b>Year of participants</b>	SE/TE/BE
<b>Event Report</b>	<p>The seminar on the Mechanical Product Design and Analysis was conducted for the mechanical engineering students. The speaker provided a comprehensive overview of the principles and methodologies involved in mechanical product design and analysis. He gave valuable insights about the critical stages of product development, including concept generation, design optimization, and performance evaluation. The speaker delved into the latest advancements in computer-aided design (CAD) and computer-aided engineering (CAE) tools, demonstrating their applications in creating innovative and efficient mechanical products. The speaker gave an exposure to industry best practices and case studies. He also guided them with the career advancement and research opportunities that are available in this domain. The session was very interactive and students actively participated in the seminar.</p>
<b>Number of Students/Benefitted attended</b>	39

## 12. The Roadmap to Career Success: Tips & Tools at Every Stage

<b>Date</b>	30/03/2024
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	The Roadmap to Career Success: Tips & Tools at Every Stage
<b>Resource person</b>	Mr. Jayesh Vispute, Project Leader, Tata Consultancy Services
<b>Participants</b>	COMPUTER/IT/AIIML/EXTC
<b>Year of participants</b>	SE/TE
<b>Event Report</b>	<p>The seminar titled "The Roadmap to Career Success: Tips &amp; Tools at Every Stage" was conducted by T&amp;P cell for the final and pre-final year students. During the session, Mr. Jayesh Vispute, Project Director of TCS, shared practical tips and tools designed to help students successfully transition from academia to their engineering careers. He encouraged students to actively participate in workshops and to network with their peers and professors. He also emphasized the importance of gaining practical experience through internships and engaging in technical events like hackathons. The speaker advised students to develop a resume that effectively highlights their skills, experiences, and achievements, suggesting tools like Canva for creating professional resumes. He also stressed the importance of practicing for both technical and behavioural interviews, recommending the use of mock interview platforms and seeking feedback from mentors. Additionally, he urged them to engage in continuous learning through certifications, courses, and industry events. The session was highly interactive, providing valuable insights and actionable strategies for the students.</p>
<b>Number of Students/Benefitted attended</b>	98

### 13. Hello Engineers

<b>Date</b>	16/04/2024
<b>Type of Scheme</b>	Career Counselling
<b>Title of Scheme</b>	Hello Engineers
<b>Resource person</b>	Mr. Aniket Sonawne, Vivekanand Seva Mandal, ECC
<b>Participants</b>	All Branches
<b>Year of participants</b>	FE
<b>Event Report</b>	<p>The "Hello Engineers" seminar was conducted for first-year engineering students, marking a significant milestone in their academic journey. The speaker congratulated the students on reaching this pivotal moment in their lives, acknowledging their entry into a new chapter of engineering. He emphasized that they are now part of a vibrant community of innovators, problem-solvers, and dreamers. He explained that engineering is not just about mastering complex equations or sophisticated technologies, it is about using knowledge and creativity to make a real difference in the world. Each challenge they encounter will be an opportunity to learn, grow, and contribute to something greater. Above all, he urged them to stay passionate, curious, and committed to their goals. As they embark on this adventure, the speaker reminded them that they are the future of innovation. The world awaits the incredible ideas and solutions they will bring to life. The speaker concluded by wishing them the best of luck in their journey ahead. The session was highly interactive and left a lasting impact on the students.</p>
<b>Number of Students/Benefitted attended</b>	147
