

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Shivajirao S. Jondhale College of Engineering Student Alumni Association (SSJCOEAA) has been registered with registrar of societies as per society act 1860(section21,1860) at Thane bearing registration number: Maharashtra/1081/2019/Thane. This Association is functional and formed with an objective to nurture a bond with alma mater, to help in building up the network of the alumni.

The main objectives are

- To have a platform where the alumni, existing students and staff of the institute can interact.
 - To effectively network and collaborate with alumni every year which provide platform for the students to interact with their seniors.
 - To increase assistance for Internships and Placement for current students.
 - To provide feedback with respect to curriculum, facilities, developmental activities etc.
