Department of Computer Engineering
Alumini Talk
Introducing Salesforce -A novel Carrer Path
Report

      The Department of Computer Engineering Organized Alumini talk on the topic "Introducing Salesforce -A novel Carrer Path" on 29th September 2022 in Seminar hall F-210 at 11.00 a.m. Ms. Vidya Khamgal who is Saleforces Consultant and our alumni of 2017-18 batch was the expert. Students of SE, TE and BE attended this program and enhanced their knowledge.
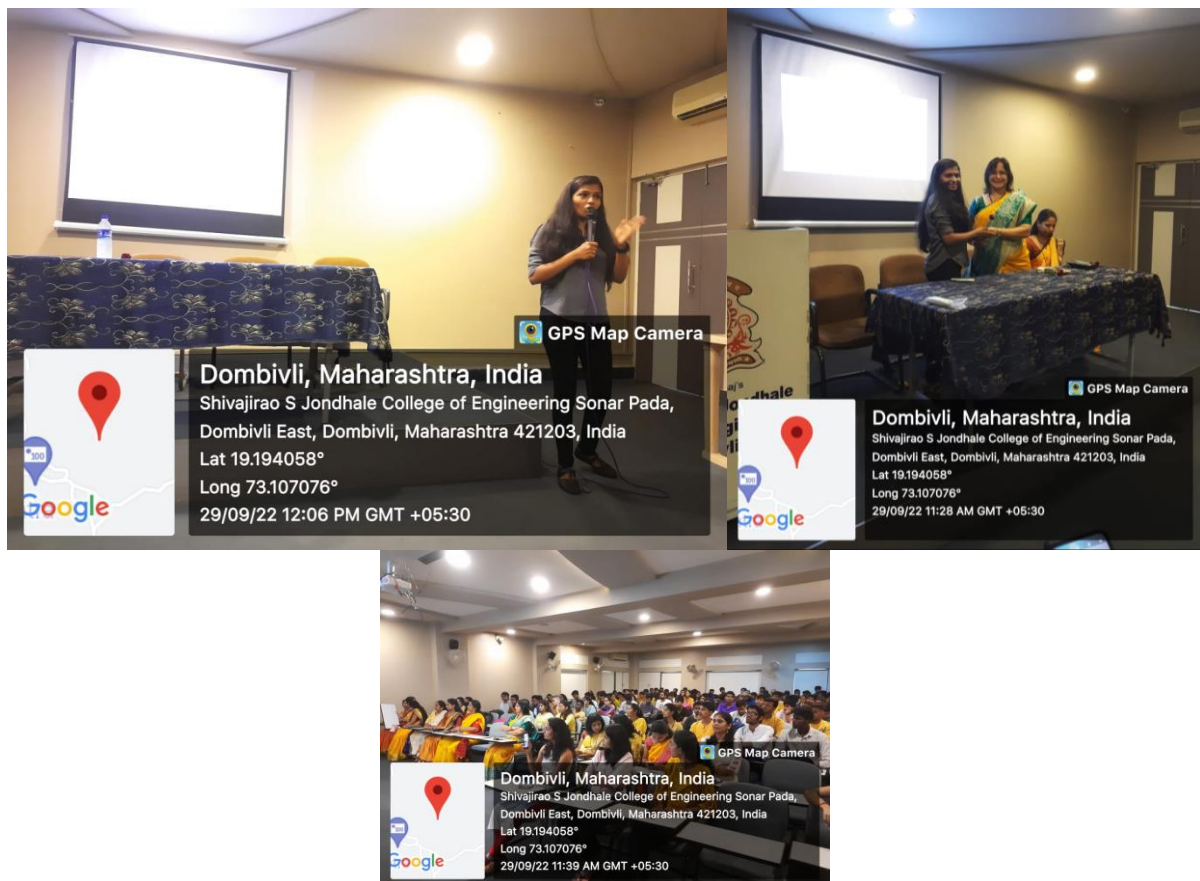

Ms. Vidya Khamgal focused on training, education, career aspects of Saleforces and also focussed on the type of jobs available in market on the basis of the course.

Earlier, inaugurating the Expert Lecture, Principal Dr. P.R. Rodge said that students should regularly attend such lectures in order to enhance their knowledge, and thereby contribute to the growth of the institution, also congratulated the department for organizing such event in the college. Dr. Uttara Gogate, HOD of Computer department, welcomed the Alumni and the participants. Assistant Professor Mrs. Pallavi Chandratre introduced the Alumni to the gathering. The program started with a prayer and ended with the vote of thanks by Prof. Pallavi Chandratre convenor of the Program.
